No points will be assigned if the Prediction was incorrect or not provided.

At the end of the Promotional Period, the following will be drafted:

- 1) the ranking of the Registered Members, prepared in decreasing order and based on the total Score obtained by the respective Registered Member (hereinafter the "Registered Member Ranking);
- 2) the ranking of the JOFCs (hereinafter the "JOFC Ranking"), prepared in decreasing order and based on the result of the arithmetic mean thus calculated:

$$\frac{X}{Y}$$

JUVENTUS

Where X = sum of the Score obtained from the Registered Members belonging to the JOFC
and Y = Number of Members of the JOFC with a Score higher from zero (that is, that he helped to determine X)

After calculating the arithmetic mean for each JOFC, a weighting factor (FP) will be added, defined according to the range of participating Members for each JOFC (the ranges have been defined by Team Juventus JOFC based on the average number of active Members per JOFC):

- 0-49 participating Members: multiplier x1
- 50-99 participating Members: multiplier x2
- 100-499 participating Members: multiplier x3
- 500-999 participating Members: multiplier x4
- 1000+ participating Members: multiplier x5

The value obtained from the arithmetic mean x the weighting factor, according to the following formula, will be the value useful for the ranking:

$$(X / Y) * FP$$

Exclusively by way of example and not exhaustive:

JOFC Club A:

- *Total Score: 3.656*
- *Participating Members (with Score > 0): 112*
- *Weighting factor: 3*
- *Weighted value: 97,9*

JOFC Club B:

- *Total Score: 15.383*

JUVENTUS

- *Participating Members (with Score > 0): 658*
- *Weighting factor: 4*
- *Weighted value: 93,5*

JOFC Club C:

- *Total Score: 13.385*
- *Participating Members (with Score > 0): 494*
- *Weighting factor: 4*
- *Weighted value: 81,3*

If in the Registered Members Ranking there is a tie for the awarding of prizes or reserves, the individual who participated in the Competition earlier in terms of date and time will be assigned the better position.

If in the JOFC Ranking there is a tie for the awarding of prizes or reserves, the highest total number of Predictions sent by the Members of the relevant JOFC who have obtained a score other than zero (ie those used to determine "Y" in the above formula) will be a requirement of best positioning).

By 6 June 2022, in the presence of an official (responsible for consumer protection and public trust of the Turin CCIAA (Chamber of Commerce, Trade and Industry)) and making available to such individual the Registered Member Ranking and the JOFC Ranking, the awarding of the promised prizes will be carried out with the following methods:
